
KAIST International Symposium Future Design

- Terman Hall, Creative Learning B/D
September 6~7, 2007

Thursday, September 6, 2007

09:30-09:45	Opening Address & Congratulatory Speeches
09:45-10:00	Background of KAIST Institute
	KI for the BioCentury
	-Prof. Jae U. Jung, Microbiology and Molecular Genetics, Harvard University
10:00-12:00	-Prof. Jay Keasling, University of California-Berkeley
	-Prof. Sang Yup Lee, KAIST
12:00-13:30	Luncheon
	KI for the NanoCentury
13:30-15:30	-Prof. Evelyn L. Hu, University of California at Santa Barbara
	-Dr. Yoshio Bando, National Institute of Materials Science
	KI for Eco-Energy
15:30-17:30	-Prof. Ulrich Spicher, Universität Karlsruhe (TH)
	-Prof. Scott Samuelsen, University of California at Irvine
17:30-18:40	Banquet
19:00-	KAIST Culture Festival

Friday, September 7, 2007

09:30-11:30	KI for Information Technology Convergence
	-Tom Mactavish, Vice-president of Motorola
	-Prof. KWON Eun Sook, Univ.of Huston
	-Lee Chul Bae, Executive Head of LG Electrics LSR Lab
11:30-12:40	Luncheon
	KI for Design of Complex Systems
12:40-14:30	-Prof. Martin Helander, Nanyang Technological University
	-Prof. Masayuki NAKAO, The University of Tokyo
	-Prof. Stephen Lu, University of Southern California
	KI for Urban Space and Systems
14:30-16:20	-James Law, Chairman & Chief, Cybertecture Ltd.
	-Prof. Jacob van Kokswijk, Twente University
16:20-16:30	Coffee Break
	KI for Entertainment Engineering
16:30-18:30	-Prof. Norman I. Badler, Digital Media Design, University of Pennsylvania
	-Prof. James Oliverio, Digital Worlds Institute, University of Florida
